

April 21, 2021

There have been many changes in this industry due to COVID along with other factors. We have seen delays in shipment of supplies, along with shortages in materials. We are working hard to get all our inventories updated as quickly as possible. Not only do we have the shortage in materials, but we also have issues adding new personnel due to the current labor market. With all this news, we wanted to let you know that we have some scheduling changes. Please see below for all the changes. Keep in mind we are working to correct this situation as quickly as possible.

Current Lead Times:

Cordless Fast Faux (cut down)	Potential 3 – 4 week delay
Avalon, Delta, 2" Aluminum	4 weeks
Roller Shades	4 weeks
Allview	4 to 6 weeks
Contract Orders	12 weeks – Avalon Faux Wood and Delta Wood

Thank you for your continued business and we ask for your patience and understanding as we work through these difficult issues.
