### Production Lead Times

Since our last announcement several weeks ago, we have made great strides in improving our current lead times by adding new personnel, as well as improvements in some of our inventory shortages. We would like to announce our new current lead times are as follows:

Aluminum Blinds	10-12 business days*
Delta Wood Blinds	13-15 business days*
Avalon Faux Wood Blinds	13-15 business days*
Cordless Fast Faux	5-7 business days*
Roller Shades	15-17 business days*
Designer Natural Woven Woods	10-15 business days*
Boone Collection Cellular Shades	10-15 business days*

\*Please note there are exceptions to the new lead times. Orders submitted for out-of-stock materials will have longer lead times. Also, any larger commercial orders will require contacting customer service to calculate lead times based on current production.

We want to thank all of our customers for your continued support and patience as we work to improve our production and inventory delays.
