

As global markets continue to deal with increasing cost, we are affected by everchanging stressors to procure supplies from overseas vendors. Our brokers are constantly negotiating to secure the absolute lowest shipping cost possible and still have freight delivered in a timely manner to serve our customer's needs. Even with these efforts ocean freight has increased 28% during the 4<sup>th</sup> quarter of 2021 presenting the latest challenge.

Due to ocean freight remaining at these historic levels we are forced to increase our cost-effective April 4<sup>th</sup> for the following products listed below:

Avalon Fauxwood Blinds	5%
Delta Wood Blinds	5%
Fast Faux Blinds	7%

New price guides will be release on Monday 3/14. An email with links to the new guides will be sent on Monday.
