How to place an order

For your convenience, CACO provides you with the option of placing orders by either telephone, email, online or fax (if placed by fax, CACO will provide order forms at no additional cost; customers must request forms). Orders placed after 3:00 pm EST will be forwarded to the next business day.

Telephone orders

CACO Customer Service Representatives are available between the hours of 8:30 am and 5:00 pm Eastern Standard time at **1-800-552-5278**. Any order placed by phone requires a signed order confirmation returned to customer service by fax or email before proceeding with order. Keep in mind, when phoning in your order, it is important to have the following information available:

- Account number (if known)
- Individuals name that is calling
- P.O. number and/or side mark
- Color or colors
- Type of product ordered
- Measurements (width-first, length-second)
- Inside or outside mount (i.m./i.b or o.m./o.b)
- Control instructions
- Ship to address if different than sold-to
- Special instructions for shipping
- Valance instructions
- Any other special instructions
- Quote number, if order is placed from a previous quote

Fax and Email Orders

Fax orders can be placed any time of day or night including holidays at **1-866-926-5836** or email to **customerservice@cacoinc.com**. To ensure order accuracy for faxed orders, it is advisable to use the order forms CACO supplies or a comparable form. It is important to note the number of pages of your order, including the cover sheet to ensure that no pages will be missing. For fax or email orders please include all of the same information required for telephone orders. Any omission of pertinent information will only delay your orders manufacturing time.

Online Orders

Orders can be placed online at <https://88043.picbusiness.com/>. If you your account has not been set up to access our online portal, please contact support@cacoinc.com to sign up. This access allows you to quote, order as well as make payments online. Please note roller shades, aluminum blinds and shutters are not available online to quote or place as orders, you will need to contact customer service to for information about these products. Additionally, orders are released from internet hold and reviewed for credit at the daily 3:00 PM EST cutoff. Any orders submitted online after this time will be reviewed the following business day.

How to expedite an order

We can often provide a faster ship date for emergency situations, only if this is noted at the time the order is placed. Requested next day and second day shipping will move freight prepaid and will be added to your account at the time of invoicing.

Expedite cost

48-hour rush: \$7.50 per blind 72-hour rush: \$5.00 per blind

NOTE: Rush only applies to discounted orders, not on contract quotes and may not be available during high volume periods. The clock starts running after your order clears credit and enters production.

How to add on or make changes to an order

In the event that you wish to add to your original order, it is possible, as long as the order is still in production. You will be required to submit changes in writing and must be signed by a person of authority indicating the items you wish to add or change. No verbal requests can be made. You will need to refer to the original P.O. number and indicate clearly the additions or changes you're requesting. Note: because add-ons may affect production time, check with customer service for any possible delays.

How to cancel an order

Cancellations or changes require an immediate response and can only take place up until the start of fabrication. You must first identify your P.O. number or side mark and then state the cancellation or change. Cancellations must be faxed or emailed in writing only, phone calls are not permitted. If an order has already been cut, a minimum charge of 50% will apply.

Should you order for the same room at different times?

This is a frequently asked question and should be addressed and explained at the point of sale. Under normal circumstances blinds, shades and verticals should be ordered for the same room at one time to prevent color deviations, as a result of dye and paint color variations from original lot to the other. If additional blinds, shades or verticals are ordered at a later time for the same room there can be a distinct color difference from the existing product to the new product. Also, window coverings that have been previously installed can have shade differentiations from newer products due to the progress of aging.

Questions concerning an order

Once you contact customer service you must have your P.O. number and/or side mark available.

Shipping and Handling Charges

- A \$15 minimum order charge will be added to any order with only one item.
- A \$8 per blind handling fee (except verticals) will be added for all delivery orders.
- A \$10 per blind handling fee (except verticals) will be added to drop ship orders in lieu of the \$8 per blind fee.
- For Vertical Blinds, a \$14 per blind handling fee will be added for all delivery orders.
- For Vertical Blinds, a \$16 per blind handling fee will be added to drop ship orders in lieu of the \$14 per blind fee.
- Any orders with a product over 90" width (width or length for verticals) will have an oversized fee of \$85 per blind up to \$170 added to the per blind fee.
- Any orders with a product over 104" (including width or length for verticals or valances that are not ordered spliced) will ship by LTL carrier F.O.B Johnson City, TN.
- Any order to be delivered by LTL truck to an area considered residential or restricted delivery areas by freight carriers will have an additional fee of \$125. The residential fee can be avoided if you opt to pick up shipment at the freight terminal in lieu of delivery. If you opt for terminal pick up, customer service will need to be informed at the time your order is placed.
- Accessorial LTL Truck delivery charges such as liftgate, inside delivery, re-consignment, re-delivery, etc. will be the responsibility of the receiving party.

Credit and additional charges

Open accounts are established by submitting a CACO credit application. You will be required to list trade and bank references as well as a current sales tax id number. C.O.D. accounts are also obligated to submit a credit application. Invoices are due within 30 days of the date posted. After 30 days accounts will be charged 1.5% interest per month. CACO reserves the right not to ship to accounts with past due balances.

Payment Policy

Current payment methods accepted are check, emailed or faxed checks for ACH processing, credit cards (Mastercard, Visa, Discover) and online payments by credit card or bank draft. Due to additional credit card fees, effective March 8th, a 2% processing fee will be added to all credit card payments. This fee can be avoided by either mailing checks to our PO Box or to expedite payments send a copy of your check along with our Check by Fax form by email to customerservice@cacoinc.com or fax to (866) 552-5278. Please note CACO will not automatically charge any credit card or process ACH transaction without approval at the time of each transaction.

If you receive product that has been visibly damaged while in transit

Before accepting any shipments, please examine each carton carefully. If shipment shows any signs of mistreatment or damage, i.e., wheel marks, crushed or bent cartons note this on the bill of lading and have the driver sign it and note damage. Should a replacement be necessary, CACO will bill you. Your replacement invoice will enable you to file a claim with the responsible carrier. It is imperative that you count all cartons prior to signing the bill of lading; any shortages must be noted on the bill of lading with the driver's signature.

Shipping discrepancies

If the product received does not agree with your packing slip, contact a CACO customer service representative within 24 hours. Your representative will verify any action needed for a resolution and expedite any necessary replacements.

If you should receive a defective product

Your warranty protects you against defective products (please read your warranty for all information, disclaimers and liabilities). Should you receive a defective product, contact CACO customer service and provide detailed information including your P.O. number. If the product is not sent back for repair, you will be invoiced for a replacement and required to return back the original product to CACO for inspection. Any issue arising past 30 days from receipt of original order will be required to return product for repair.

How to Measure

Inside mount

A. Measure the window opening at three different places and use the narrowest dimension when ordering. Be exact! The factory will make the blind slightly narrower, so it won't rub against the window casing. (See A inside mount).

B. Measure the height of the window from the top (soffit) down to the sill. NOTE: The finished blind length may have a tolerance of based on product.

Based on product, CACO will automatically make a deduction on width for measurements submitted as inside mount.

Outside mount

Measure exact width and height of the area to be covered. It is recommended that blinds overlap the window opening by at least 1 1/2" on each side to insure privacy and control sunlight. (See A outside mount). When installation is designed for "no sill," allow the blind to overlap the bottom of the window casing by at least 1 1/2". Blinds will be made to exact measurements given. NOTE: The finished blind length may have a tolerance of based on product.

CACO will not make any deductions for measurements submitted as outside mount.

How to place an order

For your convenience, CACO provides you with the option of placing orders by either telephone, email, online or fax (if placed by fax, CACO will provide order forms at no additional cost; customers must request forms). Orders placed after 3:00 pm EST will be forwarded to the next business day.

Telephone orders

CACO Customer Service Representatives are available between the hours of 8:30 am and 5:00 pm Eastern Standard time at **1-800-552-5278**. Any order placed by phone requires a signed order confirmation returned to customer service by fax or email before proceeding with order. Keep in mind, when phoning in your order, it is important to have the following information available:

- Account number (if known)
- Individuals name that is calling
- P.O. number and/or side mark
- Color or colors
- Type of product ordered
- Measurements (width-first, length-second)
- Inside or outside mount (i.m./i.b or o.m./o.b)
- Control instructions
- Ship to address if different than sold-to
- Special instructions for shipping
- Valance instructions
- Any other special instructions
- Quote number, if order is placed from a previous quote

Fax and Email Orders

Fax orders can be placed any time of day or night including holidays at **1-866-926-5836** or email to **customerservice@cacoinc.com**. To ensure order accuracy for faxed orders, it is advisable to use the order forms CACO supplies or a comparable form. It is important to note the number of pages of your order, including the cover sheet to ensure that no pages will be missing. For fax or email orders please include all of the same information required for telephone orders. Any omission of pertinent information will only delay your orders manufacturing time.

Online Orders

Orders can be placed online at <https://88043.picbusiness.com/>. If you your account has not been set up to access our online portal, please contact support@cacoinc.com to sign up. This access allows you to quote, order as well as make payments online. Please note roller shades, aluminum blinds and shutters are not available online to quote or place as orders, you will need to contact customer service to for information about these products. Additionally, orders are released from internet hold and reviewed for credit at the daily 3:00 PM EST cutoff. Any orders submitted online after this time will be reviewed the following business day.

How to expedite an order

We can often provide a faster ship date for emergency situations, only if this is noted at the time the order is placed. Requested next day and second day shipping will move freight prepaid and will be added to your account at the time of invoicing.

Expedite cost

48-hour rush: \$7.50 per blind 72-hour rush: \$5.00 per blind

NOTE: Rush only applies to discounted orders, not on contract quotes and may not be available during high volume periods. The clock starts running after your order clears credit and enters production.

How to add on or make changes to an order

In the event that you wish to add to your original order, it is possible, as long as the order is still in production. You will be required to submit changes in writing and must be signed by a person of authority indicating the items you wish to add or change. No verbal requests can be made. You will need to refer to the original P.O. number and indicate clearly the additions or changes you're requesting. Note: because add-ons may affect production time, check with customer service for any possible delays.

How to cancel an order

Cancellations or changes require an immediate response and can only take place up until the start of fabrication. You must first identify your P.O. number or side mark and then state the cancellation or change. Cancellations must be faxed or emailed in writing only, phone calls are not permitted. If an order has already been cut, a minimum charge of 50% will apply.

Should you order for the same room at different times?

This is a frequently asked question and should be addressed and explained at the point of sale. Under normal circumstances blinds, shades and verticals should be ordered for the same room at one time to prevent color deviations, as a result of dye and paint color variations from original lot to the other. If additional blinds, shades or verticals are ordered at a later time for the same room there can be a distinct color difference from the existing product to the new product. Also, window coverings that have been previously installed can have shade differentiations from newer products due to the progress of aging.

Questions concerning an order

Once you contact customer service you must have your P.O. number and/or side mark available.

Shipping and Handling Charges

- A \$15 minimum order charge will be added to any order with only one item.
- A \$8 per blind handling fee (except verticals) will be added for all delivery orders.
- A \$10 per blind handling fee (except verticals) will be added to drop ship orders in lieu of the \$8 per blind fee.
- For Vertical Blinds, a \$14 per blind handling fee will be added for all delivery orders.
- For Vertical Blinds, a \$16 per blind handling fee will be added to drop ship orders in lieu of the \$14 per blind fee.

Please note CACO will not automatically charge any credit card or process ACH transaction without approval at the time of each transaction.

If you receive product that has been visibly damaged while in transit

Before accepting any shipments, please examine each carton carefully. If shipment shows any signs of mistreatment or damage, i.e., wheel marks, crushed or bent cartons note this on the bill of lading and have the driver sign it and note damage. Should a replacement be necessary, CACO will bill you. Your replacement invoice will enable you to file a claim with the responsible carrier. It is imperative that you count all cartons prior to signing the bill of lading; any shortages must be noted on the bill of lading with the driver's signature.

Shipping discrepancies

If the product received does not agree with your packing slip, contact a CACO customer service representative within 24 hours. Your representative will verify any action needed for a resolution and expedite any necessary replacements.

If you should receive a defective product

Your warranty protects you against defective products (please read your warranty for all information, disclaimers and liabilities). Should you receive a defective product, contact CACO customer service and provide detailed information including your P.O. number. If the product is not sent back for repair, you will be invoiced for a replacement and required to return back the original product to CACO for inspection. Any issue arising past 30 days from receipt of original order will be required to return product for repair.

How to Measure

Inside mount

- A. Measure the window opening at three different places and use the narrowest dimension when ordering. Be exact! The factory will make the blind slightly narrower, so it won't rub against the window casing. (See A inside mount).
- B. Measure the height of the window from the top (soffit) down to the sill. NOTE: The finished blind length may have a tolerance of based on product.

Based on product, CACO will automatically make a deduction on width for measurements submitted as inside mount.

Outside mount

Measure exact width and height of the area to be covered. It is recommended that blinds overlap the window opening by at least 1 1/2" on each side to insure privacy and control sunlight. (See A outside mount). When installation is designed for "no sill," allow the blind to overlap the bottom of the window casing by at least 1 1/2". Blinds will be made to exact measurements given. NOTE: The finished blind length may have a tolerance of based on product.

CACO will not make any deductions for measurements submitted as outside mount.

Features, Options & Care

Features

- Manual Clutch system operated via #10 stainless steel, plastic or painted steel bead chain.
- Varying diameters of aluminum tube to accommodate most any width.
- 1" aluminum internal hem bar.
- Available in many styles in Alkenz, Mermet decorative fabric and blackout fabrics. Fabric opaqueness varies from translucent to room darkening.
- Alkenz and Mermet solar shading fabrics can still keep the view while blocking harmful UV rays from the sun. Easy to clean.

CARE AND OPERATION

Make sure brackets are mounted level or shade will roll crooked.

IF YOUR SHADE DOES NOT ROLL STRAIGHT, CORRECT AS FOLLOWS:

Example:

(Fig. A)

(Fig. B)

(Fig. A) - Shade veers toward right. Correct by lowering shade completely and place a piece of paper, indicated by arrow, as close to the roller as possible. It acts as a shim.

(Fig. B) - Shade veers toward left. Correct by lowering shade completely and place a piece of paper, indicated by arrow, as close to the roller as possible. It acts as a shim.

Motorization

AUTOMATE | ARC™ (Automate Radio Communication) motors offer a wire free or wired motorization option that is an easy to use and program solution to suit a large range of applications, with varying torques and speed levels.

Features include:

- Automate motorization available in 1 A/C Wired style or 3 Li-ion Battery styles to suit your project.
- Leveling control
- Simple limit setting and adjustment
- 3 operational speed settings available
- Favorite position
- 2-way RF communication
- 5-year motor warranty

Lithium Ion Battery Wire Free Motorization

AUTOMATE | Li-ion ARC motors offer a wire free, rechargeable, easy to use and program solution. Automate motors feature a charge-management circuit that adjusts the amount of electrical current feeding the battery. As a battery reaches its maximum charge, the circuit will limit the current eventually shutting off power once the battery is fully charged.

- Rechargeable built-in Li-ion battery with up to 500 up and down cycles per charge. These numbers are impacted by shade size and fabric weight, but on average our motors in prevalent size shades are able to last about a year and half under normal operation (one cycle per day).
- Optional solar powered charger
- Minimum Widths:
 - LI-ION 1.1nm 21.5"
 - LI-ION 2.0nm 30"
 - LI-ION 3.0nm 34"
- Maximum sizes. Please note sizes listed are based on average and can vary based on fabric:
 - LI-ION 1.1nm 84" x 84"
 - LI-ION 2.0nm 120" x 120"
 - LI-ION 3.0nm 144" x 144"

Automate ARC Li-ion Motors:

• LI-ION 1.1nm DCRF	\$342	Retail
• LI-ION 2.0nm DCQRF	\$445	Retail
• LI-ION 3.0nm DCRF	\$704	Retail
• 5v Standard Wall Charger	\$71	Retail
• 5v Magnetic Charger (expect longer charge time of 9-12 hours)	\$71	Retail
• 8" Charger Cable Extender	\$14	Retail
• 48" Charger Cable Extender	\$30	Retail
• Solar Panel	\$400	Retail

AC Motorization

Automate | AC tubular motors combine the simple, intuitive features of ARC "Automate Radio Communication" with the higher lifting capacity of an AC motor for larger shade applications.

- Minimum width: 34"
- Maximum size based on average and can vary based on fabric: 144" x 144"

Automate ARC AC Motors:

• ACRF	\$731	Retail
--------	-------	--------

Wireless Controls

Automate | Compatible with all ARC motors, Paradigm remotes and switches feature a contemporary design with touch sensitive controls.

- Controls include 3 remote styles and 3 cut in wall switches
- Optional Automate Pulse Hub with Wi-Fi built in can be used control shades with most smart devices and some home automation systems. A local wireless network will be required.

Automate Remote Control:

• Push 5 Remote – Available in White or Black	\$169	Retail
• Push 15 Remote – Available in White or Black	\$184	Retail
• Paradigm 1 Channel Remote	\$159	Retail
• Paradigm 1 Channel Cut in Wall Switch	\$124	Retail
• Paradigm 2 Channel Cut in Wall Switch	\$142	Retail
• Paradigm 15 Channel Cut in Wall Switch	\$158	Retail
• Automate Pulse Hub 2	\$519	Retail
• Automate Interior Sun Sensor	\$81	Retail

Warranty

CACO, Inc. will extend a limited lifetime warranty on Serenity Roller Shade clutches not to exceed 25 years, 3 years on plastic bead chain for roller shade operation, a limited lifetime warranty on interior use Alkenz fabrics not to exceed 25 years, a limited 10 year warranty on interior use Mermet Fabrics, a limited 5 year warranty on interior use vinyl fabrics and Rollease Acmeda Automate motors provide a limited 5 year warranty on battery motors and a limited 7 year warranty on direct wired motors. Each shade is warrantied to be free from defects in materials and workmanship to the original owner, provided that the shades were properly installed in a window, door or other interior area for which they intended, maintained and cleaned with the manufacturer recommendations.

Damage resulting from misuse, abuse, exposure to the elements, including but not limited to exposure to salty air, discoloration due to sunlight or passage of time, exposure to humidity, accidents, improper installation, alterations or normal wear and tear upon the shades are not covered by this warranty. Some fading or reduction in color intensity may occur and should not be deemed defective. Returns for the above-mentioned reasons are not warrantied.

The obligation of CACO's manufactured products and its distributors is limited to repair or replacement of the blinds or components found to be defective, at our option, provided the blinds are returned to an authorized CACO dealer or distributor and accompanied by "proof of purchase". CACO is not responsible for any labor costs associated with fabricating alterations, measuring, or installation and to include shipping charges.

This warranty is exclusive and in lieu of all other obligations, liabilities, or warranties. In no event shall CACO be liable or responsible for incidental or consequential damages, or for any other direct or indirect damage, loss, cost, expense, or fee. Some states do not allow the exclusion or limitations of incidental or consequential damages, so this limitation may not apply to you. This warranty gives you specific rights, and you may also have other rights, which vary from state to state.

*Due to weight limitations, blinds in the shaded area to the right of the dashed line are recommended to be manufactured two or three blinds under one headrail. Blinds in this area will not be warranted if made as one blind. To price multiple blinds under one headrail, price each blind separately and add together for total cost.

Avalon Faux Wood Cordless Surcharge (Maximum Length 84")

Tilt Motorization

AUTOMATE | ARC™ (Automate Radio Communication) motors offer a wire free or wired motorization option that is an easy to use and program solution to suit a large range of applications, with varying torques and speed levels.

Features include:

- Automate tilt motorization available
- Leveling control
- Simple limit setting and adjustment
- 3 operational speed settings available
- Favorite position
- 2-way RF communication
- 5-year motor warranty

Lithium Ion Battery Wire Free Motorization

AUTOMATE™ | ARC™ Venetian blind motor enables motorized tilting function of most 2" venetian blinds. Precisely control the openness of blind vanes or simply recall a favorite position.

- Rechargeable battery pack with Li-ion battery
- Minimum Widths 18"
- Maximum sizes.

2" Delta Wood Blinds	54 sq. ft.
2" Avalon Faux Wood Blinds	36 sq. ft.
2" Aluminum Maxi Blinds	96 sq. ft.

Automate ARC Li-ion Motors:

• VT 1.0 Tilt DC motor (including battery wand and batteries)	\$438	Retail
• VT 1.0 Tilt DC motor only	\$273	Retail

Optional Power Supply:

• Plug in Power Supply	\$75	Retail
• Li-ion Rechargeable Battery Pack	\$218	Retail
• 12 V Wall Charger	\$71	Retail

Wireless Controls

Automate | Compatible with all ARC motors, Paradigm remotes and switches feature a contemporary design with touch sensitive controls.

- Controls include 3 remote styles and 3 cut in wall switches
- Optional Automate Pulse Hub with Wi-Fi built in can be used control blinds with most smart devices and some home automation systems. A local wireless network will be required.

Automate Remote Control:

• Push 5 Remote – Available in White or Black	\$169	Retail
• Paradigm 1 Channel Remote	\$159	Retail
• Paradigm 15 Channel Remote	\$194	Retail
• Paradigm 1 Channel Cut in Wall Switch	\$124	Retail
• Paradigm 2 Channel Cut in Wall Switch	\$104	Retail
• Paradigm 15 Channel Cut in Wall Switch	\$158	Retail
• Automate Pulse Hub 2	\$519	Retail
• Automate Interior Sun Sensor	\$81	Retail

Delta Woods and Avalon Faux Wood Warranty

CACO, Inc. will extend a limited lifetime warranty on **Delta Woods**, a limited lifetime warranty on the head rail and components for **Avalon**; a limited 5-year warranty on **Avalon** valance, slats and bottom rail. **Rollease Acmeda 2" Tilt Motor** has a limited 7 year warranty. Each blind is warranted to be free from defects in materials and workmanship to the original owner and limited to manually operated products only, provided that the blinds were: 1.) Installed in a residential dwelling. 2.) Properly installed in accordance with the installation instructions which accompany each blind to be installed in a window, door or other interior area for which they were intended. 3.) Maintained and cleaned in compliance with the manufacturers recommendations.

Damage resulting from misuse, abuse, exposure to the elements, including but not limited to exposure to salty air, discoloration due to sunlight or passage of time, exposure to humidity, accidents, the use of steam, bleach, or any caustic abrasive, or solvent based cleaners, alterations or normal wear and tear upon the blinds are not covered by this warranty. Cord wear shall be considered as normal wear and tear. Some minor warping, natural variations in the grain, color, fading or discoloration may occur within time (these are considered part of the aging process for wood painted, stained and clear finishes) and should not be deemed defective. **Avalon Faux Wood** blinds are manufactured with PVC foam and contain no lead additives. Variations in grain and texture may appear randomly in slats, valance and bottom rail. Slight variations in color, as well as minimal warping may also occur. These are all natural occurring tendencies when dealing with PVC foam products and are considered acceptable. Returns for the above mentioned reasons are not warranted.

Cordless Delta Woods and Avalon Faux Woods. **CACO, Inc.** will extend a limited 1-year warranty on any blind built with the cordless option.

This warranty is exclusive and in lieu of all other obligations, liabilities, or warranties. In no event shall **CACO** be liable or responsible for incidental or consequential damages, or for any other direct or indirect damage, loss, cost, expense or fee. Some States do not allow the exclusion or limitations of incidental or consequential damages, so this limitation may not apply to you.

This warranty gives you specific rights, and you may also have other rights, which vary from state to state.

Cordless Fast Faux

Standard Features

- Available in two styles: Custom or Express
- 2" Steel "low-profile" head rail
- 2" PVC foam standard rectangular bottom rail

Cordless Fast Faux Warranty

CACO, Inc. will extend a limited 5-year warranty valance, slats and bottom rail, a limited 1-year warranty on cordless module. Each blind is warrantied to be free from defects in materials and workmanship to the original owner and limited to manually operated products only, provided that the blinds were: 1.) Installed in a residential dwelling. 2.) Properly installed in accordance with the installation instructions which accompany each blind to be installed in a window, door or other interior area for which they were intended. 3.) Maintained and cleaned in compliance with the manufacturers recommendations.

Damage resulting from misuse, abuse, exposure to the elements, including but not limited to exposure to salty air, discoloration due to sunlight or passage of time, exposure to humidity, accidents, the use of steam, bleach, or any caustic abrasive, or solvent based cleaners, alterations or normal wear and tear upon the blinds are not covered by this warranty. Cord wear shall be considered as normal wear and tear. **Fast Faux** blind products are manufactured with PVC foam and contain no lead additives. Variations in grain and texture may appear randomly in slats, valance and bottom rail. Slight variations in color, as well as minimal warping may also occur. These are all natural occurring tendencies when dealing with PVC foam products and are considered acceptable. Returns for the above mentioned reasons are not warrantied.

This warranty is exclusive and in lieu of all other obligations, liabilities, or warranties. In no event shall **CACO** be liable or responsible for incidental or consequential damages, or for any other direct or indirect damage, loss, cost, expense or fee. Some States do not allow the exclusion or limitations of incidental or consequential damages, so this limitation may not apply to you.

This warranty gives you specific rights, and you may also have other rights, which vary from state to state.

Signature Series Aluminum Warranty

There is a limited lifetime warranty on corded **Signature Series** horizontal aluminum blind that is properly installed in a residential dwelling. Each blind is warranted to be free from defective components and workmanship for as long as the blind remains installed as originally intended and is owned by the original consumer.

Damage resulting from misuse, abuse, exposure to the elements, including, but not limited to exposure to salty air, humidity, discoloration due to sunlight or passage of time, accidents, the use of steam, bleach, or any caustic or abrasive or solvent based cleaners, alterations or normal wear and tear are not covered by this warranty.

The obligation of **CACO's Signature Series Blinds** and its distributors is limited to repair or replacement of the blinds or components found to be defective, at our option, provided the blinds are returned to an authorized **CACO** dealer or distributor and accompanied by "proof of purchase". **CACO** is not responsible for any labor costs associated with fabricating alterations, measuring, or installation and to include shipping charges.

This warranty does not include any conditions resulting from damages caused by accidents, alterations, misuse, or failure to follow instructions with respect to measurement, installation, cleaning or maintenance.

Styles & Features

Flat Fold (standard)

- Mounted on 1 1/2" x 3/4" wood headrail.
- Includes 6" front valance
- Minimums: Width - 12" Height - 24"
- Maximums: Width - 96" Height - 120"

Waterfall(N/C option)

- Mounted on 1 1/2" x 3/4" wood headrail.
- 4" back valance
- Controls hidden behind shade
- Not available in Top Down/Bottom up
- Minimums: Width 12" Height - 24"
- Maximums: Width - 96" Height - 120"

Hobbled

- Mounted on 1 1/2" x 3/4" wood headrail.
- Includes 6" valance
- Hobble Shade retains Flat Fold Pleats in lowered position
- Minimums: Width 12" Height - 24"
- Maximums: Width - 96" Height - 96"

Top Down/Bottom Up

- Flat Fold style only
- Mounted on 1 1/2" x 3/4" wood headrail.
- Includes 6" front valance
- Not available with Loop control or 2-on-1 headrail
- Minimum width 18"
- Maximum size 72"x72"

Cordless

- Available in Flat Fold or Waterfall, not available in Top-down/Bottom-up, Loop Control or Hobbled Shade.
- Mounted on 1 1/2" x 3/4" wood headrail.
- Minimums: Width 24" Height - 24"
- Maximums: Width - 96" Height - 96"

Dual Shade

- Available in Flat Fold and Waterfall shades only, not available in Top-down/Bottom-up, Loop Control or Hobbled Shade
- Dual shade only available with liner options as back shade.
- Choose from Privacy, Blackout liners
- Back shade length is 1/2" shorter than front shade
- Mounted on a 2 1/2" x 3/4" wood headrail.
- Cord Position: R/L Right cord lock operates front shade, Left cord lock operates back shade, also can be R/R, L/L or L/R.

Measuring and Headrail options

Measuring Instructions

Inside Mount

- Measure inside width across at the top, middle and bottom of the window. Use the narrowest measurement when ordering. The factory will take a 1/4" deduction from each side for operational clearance (1/2" total).
- Measure inside height at the top and bottom. No deductions are taken from length measurements.
- L-Shaped bracket will be provided for installation.
- Note:** Finished shade length may not be exactly as specified if exact dimension falls in the middle of a wide slat. Length tolerance of +/- 1"

Outside Mount

- Measure exact finished width of shade. It is recommended that 3" be added to shade width for standard overlap.
- Measure exact finished length of shade. It is recommended that 1" - 1 1/2" be added to shade length for a standard shade.
- No deductions are taken for outside mount measurements.
- Side returns included.
- Valance width will be approximately 1" wider than ordered width.
- Note:** Finished shade length may not be exactly as specified if exact dimension falls in the middle of a wide slat. Length tolerance of +/- 1"

Two Shades on Headrail

Shades can be mounted on one headrail for an additional surcharge.

- Flat Fold and Waterfall Styles only
- Not available with Top-down/Bottom-up or Hobble
- Charged as individual shades
- Shades ordered with Loop control will require 2 Loop mechanisms and must be ordered on opposite ends. (L/L, L/R, R/R, cannot be ordered R/L)
- Minimum width 24"
- Maximum shade size 102"
- Valance maximum width without railroading is 96"

Measuring 2 on 1 Headrail:

- Measure width of area shade is to cover
- Factory will allow a minimum of 1/2" between shades for Operating clearance.
- Total width of all shades must equal total headrail width.
- Measure length using standard inside/outside mount procedures
- For patio doors, measure length to within 1" of the floor from top of shade
- Cords should be on outside edges of shades.
- Wall installation is recommended

Stacking Dimensions

- All shades pulled-up stack to an average of 8"-10"
- Thickness of stack varies with different material weave.

Stacking Chart				
	Flat Fold & Waterfall		Hobbled	
	Approx. Height	Approx. Thickness	Approx. Height	Approx. Thickness
24"	7.5"	1.5"	8.5"	2.5"
48"	7.5"	2.5"	8.5"	3"
72"	7.5"	3.5"	8.5"	3.5"
96"	8"	4.5"	9"	4.5"
120"	8.5"	5.5"	9.5"	5.5"

*Stacking averages:
Actual height may vary approx. +/- 1"

Headrail Options

Headrail Dimensions			Minimum Depth Requirements			Profile
	Depth	Height	Depth	Flush Mount	Outside mount	
Standard Headrail	1 1/2"	3/4"	1 1/2"	3"	2" of Flat Surface	
Top-down, Bottom-up						
Cordless Motorization						
Std. Headrail Upend*	3/4"	1 1/2"	3/4"			
Slim Loop Control	1 1/2"	3/4"	1 1/2"	2 1/2"	2" of Flat Surface	
Standard Loop Control	2 1/2"	3/4"	2 1/2"	3 1/2"	2" of Flat Surface	
Dual Shade	2 1/2"	3/4"	2 1/2"	3 1/2"	2" of Flat Surface	

* Up ended Headrail not available on Cordless, Dual Shade, Loop Control or Motorization

Features and Surcharges

Standard Features

- Flat Fold or Waterfall are standard – other styles require surcharge
- Left or Right control positions
- Color Coordinated Cord & Wooden Tassel
- 6" Standard Valance for Flat Fold
- Valance side returns on outside mount only
- Swivel Cord Lock & Guided Pulley

No Charge Options

- Cord Position
- Hold down clips
- Extension Brackets
- Up ended Headrail
- Returns on outside mount shades. Returns are made to the side of the front or back valance. Square, camel colored Velcro will be provided to attach returns
- Optional Regular side returns for inside mount shades

Surcharges

- Edge Banding
 - Available in 1/2" or 1 1/2" widths
 - Mitered corners for 1.5" edge banding
 - Color coordinated thread
 - Fabric sewn on left/right/bottom of shade body, except
 - Flat Fold valance or Cordless shades are left/right only

1/2" Fabric Edge Banding:

Length	36"	48"	60"	72"	84"	96"	108"	120"
	54	61	69	77	85	97	107	116

1 1/2" Fabric Edge Banding (Mitered):

Warm Gray	043
Vanilla	006

- Top Down/Bottom up net surcharge \$30 per shade
- Hobbled Shade, Liner and Edge Banding subject to 30% surcharge
- Tile Cutouts \$8 surcharge per cut, must provide sketch with exact measurements for "in" and "up"

Loop Chain Control

- Not available with Top-down/Bottom-up, Dual Shade, Cordless or Motorization.
- 2 Wood headrail widths 1 1/2" or 2 1/2" (based on shade size):
 - 1 1/2" width Slim Loop Control Headrail will be used on shades up 72" x 72" except for patterns B2264, B2265, B3311 & B3312, where the maximum size is 60" X 60". This is an estimate and can vary based on pattern selected or shade size.
 - 2 1/2" width Standard Loop Control Headrail will be used on shades larger than 72" x 72" except for patterns B2264, B2265, B3311 & B3312, where the minimum size is 60" X 60". This is an estimate and can vary based on pattern selected or shade size.
- Only available in cord loop, not PVC loop
- Loop control cord available in Stainless or Bronze chain
- Tension device
- Minimum Width 24"
- Maximum Height 120"

Loop Chain Control

Width to:		24"	36"	48"	60"	72"	84"	96"

	120"	135	148	169	186	201	230	241

Cordless Control

- Available in Waterfall and Flat fold styles
- Wood headrail 1 1/2" width
- Not available in Top-down/Bottom-up, Loop Control or Hobbled Shade

	Width	24"	36"	48"	60"	72"	84"	96"
		124	136	157	175	188	217	230

Motorization

- Available in Waterfall, Flat fold styles
- Wood headrail 1 1/2" width same as a standard shade so installation will be simple.
- Not available in Top-down/Bottom-up, Loop Control or Hobbled Shade
- Motor has built-in rechargeable lithium battery, using charger DC264 (1.1 Nm motor) to recharge
- The average motor charge will last about six months with everyday use.
- White control can operate up to 15 shades
- Designate left or right for charging lead to accommodate power source.
- Shades will be programed before shipping, so notes will need to be made on order form to designate what shades will be assigned to which channel(s).

Any orders with a product over 90" width will have an additional oversized fee. See full shipping policy for details

** Effective 10/10 patterns are discontinued. Patterns will be available until all inventory is sold and any patterns not listed are no longer available. An additional 20% discount off the Gallery retail pricing is available for these patterns only.

*The bestselling Gallery Patterns will be available at Gallery retail pricing until May 31, 2023. On June 1st these patterns will be available with the same names but different color numbers in the Galaxy Patterns. On that date pricing will be calculated using the Galaxy Pricing instead of Gallery Pricing.

Dual Shade and Liners

Dual Shade Liners

- Dual Shade Liner operates independently from primary shade.
- Dual Shade Liner surcharge is added to the price of the shade
- Only Available in Flat Fold and Waterfall Styles.
- Back shade will be 1/2" shorter than front shade.
- Privacy Liner: Allows sunlight to filter through.
- Blackout Liner: Opaque room darkening liner with exterior off-white lining.
- Liner material have horizontal seam pockets for easy folding
- Standard design for shades is with the liner color facing interior and white facing the exterior or street. Shades can be ordered in reverse but need to be requested with the color facing the street.

Designer Natural Woven Wood Shades

Special Notes and Ordering Instructions

Material and Characteristics

- Designer Natural Shades are an aesthetic collection of natural woods, bamboos, jutes, grasses and reeds harvested from nature.
- Each season's harvests are a celebration of unique textures, colors and striations that develop in nature.
- Natural materials are subject to variances in color, grain, texture and warpage that are inherent qualities in all-natural fibers.
- These variances are not manufacturing defects. The beauty of Designer Natural Shades lies in the distinctive irregularities of the slats and reeds.

Color Variations

- Even though rigid quality standards are maintained, the factory cannot guarantee exact color matches in each of the collections.
- Variations in color are natural and will be especially visible in lighter colored fibers.
- Variations in color will occur and are not manufacturing defects.
- Over time, the color of Designer Natural Shades will soften in the sun, exposing the beauty in mild tones.
- To avoid color variations that may occur between dye lots, it is highly recommended that multiple shade orders of the same pattern be placed at one time. This will lower the possibility of color variation due to different paints and stains.
- CACO is not responsible for variances in color for orders of the same pattern ordered at different times.
- Availability of colors is subject to change without notice.

Stretching, Shrinking, Cracks

- Woven wood fabric can be affected by temperature and humidity changes, which can shrink the material.
- Shipping and handling may also cause a slight change in shade lengths.
- Note: Material stretching or shrinking may become more noticeable on inside mount shades where exact lengths are more critical.
- Bamboo matchsticks tend to stretch after installation.
- Finished edges of bamboo and large reeds may crack after cutting and assembly due to the inherent property of natural materials.
- Finished shade height may vary in exact dimension falls in the middle of a wide slat.
- Finished shade height may have a tolerance of + or - 1"

Ordering Process

Orders can only be accepted email or fax and submitted using the following order forms: Designer Natural Woven Wood Shade, or Hobbled Valance only. For your convenience, a copy is printed on the last pages of this book. You may also go to cacoinc.com and download a pdf on which your order may be entered, saved and emailed. When faxing it is important to note the number of pages of your order, including the cover sheet to ensure that no pages will be missing. Please fully complete the form, any omission of pertinent information will only delay your orders manufacturing time.

Changes

In the event that you wish to add to your original order, it is possible, as long as it is within 24 hours after the order was placed. You will be required to submit changes in writing and must be signed by a person of authority indicating the items you wish to add or change. No verbal requests can be made. You will need to refer to the original P.O. number and indicate clearly the additions or changes you're requesting. Addresses may not be changed after the 24 hours period.

Cancellations

Cancellations or changes require an immediate response and can only take within 24 hours of order submittal. You must first identify your P.O. number or side mark and then state the cancellation or change. Cancellations must be faxed or emailed in writing only, no verbal requests can be accepted.

Shipping and Handling

Before accepting any shipments, please examine each carton carefully. If shipment shows any signs of mistreatment or damage, i.e., wheel marks, crushed or bent cartons note this on the bill of lading and have the driver sign it and note damage. It is imperative that you count all cartons prior to signing the bill of lading; any shortages must be noted on the bill of lading with the driver's signature. Please open examine products upon receipt and notify CACO of any damages or losses within one week of receipt. We will require that photos of any damage be emailed to customerservice@cacoinc.com.

Defective Merchandise

All manufacturing defects must be reported within one week of receipt of shades. We require photos prior to the return of defective shades prior to repair or replacement.

Repair or Alterations

If a repair or alteration is needed, please contact CACO for more details prior to return for repair. Repairs should be carefully packaged. Products mishandled or received in poor condition will be returned back to the customer.

Warranty, Care and Maintenance

We are proud to offer a three-year warranty for components and one year for products to our customers. Each shade undergoes careful inspection before being sent out to our customers. Under normal and proper use, three-year limited warranty applies such shades are free from defects due to faulty workmanship or materials. This warranty is not applicable to accidents, alteration, abuse, misuse, misapplication or failure to follow instructions or defects due to faulty installation. For claims covered during the warranty period, product will be replaced or repaired free of charge.

Natural conditions such as color variance and fading due to sun exposure, slats / reed warpage from high humidity, as well as stretching and shrinking of shades due to temperature and humidity, are excluded from the warranty. This warranty does not cover liability for loss, damage or injury, direct or consequential, arising out of the use or inability to use the product. Warranty does not cover labor on location, service calls, reinstallation or expenses involved in shipping, packaging and returning merchandise unless authorized.

Care and Maintenance

Woven wood shades are easy to maintain and are extremely durable. Raising and lowering shades periodically aids in reduction of dust accumulation. Or simply vacuum with a soft brush attachment. In high traffic areas, you may want to scotch guard your shades with 3M Scotch Guard spray for added stain protection. The functional lifetime of the operation hardware is far greater than normally needed.

Features & Benefits

FEATURES & BENEFITS

- Honeycomb construction provides superior insulation and energy efficiency.
- No visible cords or cord holes reduces light leaks and adds to the fashionable appeal.
- Fabric available in wide widths to cover large expansive windows with no seams or overlap.
- 100% crisp polyester fabric repels dust and dirt and is easy to clean and maintain.
- Multiple design options and operating systems available to provide the perfect solution for the single homeowner to the busiest family.

FABRICS

Cellular Shades are built with beauty and your comfort in mind, featuring durable, low-maintenance fabrics and a broad spectrum of designer colors, neutrals, and bold hues including specialty fabrics like lux, slubs, crush and printed designs. Cellular Shades are among the most energy-efficient window coverings available. The insular property of cellular fabrics is attributed to its unique construction. The signature candlelight glow and handcrafted feel of the cellular fabric brings world-class elegance to your home, office or retail environment.

VERSATILITY

- Create unlimited custom lighting solutions with a full range of opacities
- Light Filtering fabrics feature rich, vibrant color
- Blackout fabrics offer extended light control and privacy

LIGHT FILTERING FABRICS

- Transmit filtered light with no view through the shade
- Provide moderate privacy
- Available in 3/4", 9/16" and 1 1/4" Single Cell, 7/16" Double Cell and 3/4" Cell-in-a-Cell Fabrics

BLACKOUT FABRICS

- Blocks 99% of outside light
- Provides complete privacy and light control
- Available in 3/4", 9/16" and 1 1/4" Single Cell

ENERGY EFFICIENCY

Cellular shades are among the most energy-efficient window coverings available. The insular property of cellular fabric is attributed to its unique cellular construction creating a barrier of chambers designed to reduce heat and the damaging effects of UV light. Our premium cellular fabrics are categorized into three simple levels of energy efficiency to help you maximize your budget and the comfort in your home.

Note: For Cordless and Clutch systems, add 7/8" to above stack chart. All stacking sizes are approximate. * LF stands for light filtering, BO stands for blackout.

Boone Collection Cellular Shades

Standard Features, Surcharges and Size Limitations

Standard Features:

- Inside mount 1/4" standard deduction
- Color coordinated aluminum headrail and bottom rail
- Right cord control standard
- Cord length standard 40% of shade drop height, custom length can be requested
- Cord cleat is included for corded shades
- 9/16" Classic Headrail standard for 9/16" & 7/16" cell fabrics. 3/4" headrail available for \$6.50 per shade
Note only Simple Touch Wand and Fabric insert for Top Down Bottom Up shades available on 9/16" headrails.
- 3/4" Modern Headrail standard for 3/4" & 1 1/4" cell fabrics. 9/16" headrail option available at no charge.

Day/Night Shade Features:

- Aluminum headrail and bottom rail
- Color of top rail will match top fabric, middle and bottom rail will match bottom fabric
- Light filtering product on top area, blackout fabric on bottom area
- Standard Control is right cord operates bottom rail and left cord operates middle rail, reverse controls are available
- Cord length standard 40% of shade drop height, custom length can be requested
- Cordless control available
- Maximum size is 72" x 72" for both corded and cordless shades

Skylight Shade Features:

- Color coordinated aluminum headrail, middle rail and bottom rail.
- Side rails are available in the color cotton white (001) only
- Skylight shade can only be mounted inside
- Finished size must be provided, no deductions will be taken by manufacturer
- Headrail including endcaps will be 5/8" less than finished size
- Skylight poles are available in two options, ordered separately
 - 3ft – 5ft \$22 net
 - 5ft – 9ft \$24 net
- Automate Motorization available

Additional Shade Style Surcharges

- Top Down – (72" Maximum width and length) \$21 per shade (net)
- Top Down Bottom Up – (72" Maximum width and length) \$21 per shade (net)
- Skylight \$34 per shade (net)
- Day/Night Shade – Two colors with top and bottom Price as two shades & add together
- Tile Cutout – (No warranty with cutouts) \$14 per side (net)
- 2-on-1 or 3-on-1 Headrail (144" Maximum width) Price as individual shades & add together
- 3/4" Modern headrail with 9/16" or 7/16" cell fabric choice \$6.50 per shade net
- 9/16" Classic headrail with 3/4" or 1 1/4" cell fabric choices No additional Charge

Light Blockers (only available in White)

- Top Light Blocker (one piece per shade cut to the shade width with no deduction) \$1.50 per ft (net)
- Side Light Blockers (2 pieces per shade cut the shade height with no deduction) \$2.05 per ft (net)

Simple Touch® Wand and Remote Motorization

Simple Touch® Wand

Simple Touch® Wand allows the convenience of motorized shade without needing to worry where the remote is. Operated by 8 AA batteries, this unique cordless, battery powered shade has a control on a wand handle. Simple Touch® Wand cellular shades are made with the heavy-duty headrail and finest cellular shade fabrics. We offer a variety of options for the consumers' convenience.

Features and Options:

- Components color coordinated to shade based on standard color coordination chart on page 5
- Minimum wand length 12", Maximum wand length 60"
- Standard location right side unless specified
- Limits will be preset at upper 0" and lower at the ordered drop. Consumers can set favorite position.
- Shades are installed with heavy duty brackets. Instructions and programing guide included in hardware bag

Power options:

- 8 AA Alkaline batteries included, however lithium batteries are recommended for durability
- Power adapter – 70" including cord length in headrail, power extension cord optional

Battery Replacement:

Battery life expectancy is estimated around 1 year based on frequency of operation. Battery life can be extended with the use of lithium batteries. When batteries are running low, shades will start to operate at a slower speed, indicating replacement batteries are needed.

Battery Box Location:

- Standard: inside headrail without battery box cover
- Outside the headrail option: Battery box can ordered for installation outside headrail but requires box cover included in hardware bag
 - o When the battery box is moved outside the headrail, the cord can go through between the headrail and window frame.
 - o When ordering battery box outside the headrail, the minimum width can be reduced to 24"
 - o Optional extension cord available and sold separately if needed.

Automate Motorization

Cellular Shade Collection shades powered by Rollease Acmeda Automate (RTS) Radio Technology System provides the convenience of remote-controlled motorized shades with an well know motorization brand. With two motor types, multiple remote options along with smart device and voice command capability adding Automate Motors to your shade allows a new level of shade control.

<u>Motorization Options</u>	Net
Standard Shades	
• Motorization with reloadable battery tube	\$157
• Li-ion Motorization with rechargeable battery pack & charger	\$194
Top Down Bottom Up	
• Motorization with reloadable battery tube	\$281
• Li-ion Motorization with rechargeable battery pack & charger	\$356
Skylight	
• Motorization with reloadable battery tube	\$200
• Li-ion Motorization with rechargeable battery pack & charger	\$244
Control Options	
5 Channel Push Remote	\$56
15 Channel Remote	\$69
Pulse 2 Hub	\$188
Additional Hardware	
Reloadable battery tube (requires 8 AA lithium batteries)	\$25
8 Lithium AA batteries	\$21
Rechargeable battery pack	\$69
5v USB Wall Charger Block	\$8
5v USB Charge Cable 156"	\$13
96" motor extension cable	\$6
Solar Panel (only works with rechargeable battery pack)	\$125

Size Limitations	Standard	TDBU	Skylight
Minimum Width	18"	28"	24"
Minimum Height	12"	12"	10"
Maximum Width	120"	96"	60"
Maximum Height	120"	96"	60"

5 Channel Remote

15 Channel Remote

Pulse 2 Hub

Solar Panel
12.6" W x 2.7" H

Reloadable Battery Tube Features:

- Reloadable battery tube and 8 AA Lithium batteries are included
- 1-1/2" color coordinated headrail
- Handheld remote control only (no hardwire)
- Radio frequency control
- Wall mount clips are included
- Smart system capability with the Pulse 2 Hub
- Flash depth including the headrail and battery tube is 3"

Li-ion Rechargeable Battery Features:

- Li-ion rechargeable battery pack and 80" charger included
- 1-1/2" color coordinated headrail
- Handheld remote control only (no hardwire)
- Radio frequency control
- Wall mount clips and headrail mounts are included
- Smart system capability with the Pulse 2 Hub
- Flash depth including the headrail and battery tube is 3 1/4"

Additional notes

Top Down Bottom Up

- Default setting of the remote is that Channel 1 controls the middle rail and Channel 2 Controls the bottom rail.
- To raise the shade, always lower the bottom rail first by pressing channel 2 and then lower the middle rail by pressing channel 1.
- To raise the shade, start with the middle rail by pressing channel 1 followed by pressing channel 2 for the bottom rail.

Skylight

- Standard location for fabric on the motorized skylight is between the middle and bottom rails. The rail with the motor inside should always be installed at the top.
- The 96" motor cable extender is available to order
- Do not install battery where it can be exposed to direct sun light.

Sliders and Specialty Shapes

Slider Cellular Shade

Features:

- Available only in 9/16" & 3/4" light filtering and blackout cellular fabrics.
- Not available in 7/16" double cell or 3/4" Cell-in-a-Cell fabrics
- Aluminum headrail and side rails available in cotton white (001)
- Integrated headrail requires no valance
- Cordless design
- Finished shades available in Left Stack, Center Stack or Right Stack
- Ideal for patio doors, wide windows or room dividers
- Stationary rail bottom bracket can be mounted to the floor or side walls, extension brackets available upon request. To mount the stationary bottom rail bracket to the floor, the distance between the floor and the bottom of the shade cannot be larger than 1 1/2"

Deductions:	Stack Width	Left Stack	Right Stack	Center Stack
• Inside Mount:				
Width 1/4" Height 1/2"	Minimum Width	5 1/4"	5 1/4"	10 1/2"
• Outside Mount: No deductions	Maximum Width	5 5/8"	5 5/8"	11 1/4"

Size Limitations

Minimum Width	12"
Minimum Height	24"
Maximum Width	120"
Maximum Height	118"

Handle Position

Height ≤ 72"	At the center of the moving rail
Height 72 1/8" – 96"	38" from the bottom of the moving rail
Height 96 1/8" – 132"	48" from the bottom of the moving rail

Specialty Shades & Arches

- Specialty Shades and Arches are not available for skylights
- Finished size must be provided, manufacturer will not make any deductions
- Perfect versus Non-perfect arches or circles: Perfect arches are those where the radius of the circle are consistent on all points. Non-perfect arches are not consistent at all points. Deviation of 1/16" makes it imperfect. Templates will be required on all non-perfect arches or circles.

	Shape	Operational	Template	Width Minimum	Width Maximum	Length Minimum	Length Maximum
	Arch	Non-movable	Perfect – No Non-perfect – Yes	18"	84"	9"	48"
	Quarter Arch	Non-movable	Perfect – No Non-perfect – Yes	9"	50"		
	Circle	Non-movable	Perfect – No Non-perfect – Yes	9/16" – 9" 7/16" – 12"	9/16" – 42" 7/16" – 42"		
	Octagon	Yes	Yes	12"	48"	12"	48"
	Trapezoid	Yes	No – But measurement require on all four sides. Longer side cannot exceed 130% of shorter side drop.	12"	60"	12"	72"

Simply Cordless Systems

The Simply Cordless collection offers a cost effective solution for custom cordless cellular shades.

Features:

- Simply Cordless shades available in Standard, Top Down Bottom Up and Day/Night shades
- State of the Art vinyl headrail and bottom rail system
- 100% Polyester spun non-woven fabric
- Easy to install hidden brackets
- Standard and Top Down Bottom up available in both light filtering and blackout fabrics
- Day/Night shades fabric selection based on light filtering fabrics and will be the matching color in blackout fabric
- Cut to width only, no adjustments to length

Warranty

CACO, Inc. will extend a limited lifetime warranty on Cellular Shade Collection shades, a limited 3 year warranty on fabric, cord and cord locks and a limited 3 year warranty on battery motors and wands. Each shade is warrantied to be free from defects in materials and workmanship to the original owner, provided that the shades were properly installed in a window, door or other interior area for which they intended, maintained and cleaned with the manufacturer recommendations.

Damage resulting from misuse, abuse, exposure to the elements, including but not limited to exposure to salty air, discoloration due to sunlight or passage of time, exposure to humidity, accidents, improper installation, alterations or normal wear and tear upon the shades are not covered by this warranty. Some fading or reduction in color intensity may occur and should not be deemed defective. Returns for the above-mentioned reasons are not warrantied.

The obligation of CACO's manufactured products and its distributors is limited to repair or replacement of the blinds or components found to be defective, at our option, provided the blinds are returned to an authorized CACO dealer or distributor and accompanied by "proof of purchase". CACO is not responsible for any labor costs associated with fabricating alterations, measuring, or installation and to include shipping charges.

This warranty is exclusive and in lieu of all other obligations, liabilities, or warranties. In no event shall CACO be liable or responsible for incidental or consequential damages, or for any other direct or indirect damage, loss, cost, expense, or fee. Some states do not allow the exclusion or limitations of incidental or consequential damages, so this limitation may not apply to you. This warranty gives you specific rights, and you may also have other rights, which vary from state to state.

Dual Sheer Shades

Features and Options

Loki Bark – Open fabric bands*

Loki Bark – Closed fabric bands*

Dual Sheer Shades, also known as zebra shades, provide the versatility of fabric roller shades by allowing light and privacy control while maintaining a unique decorative appeal. Constructed with dual fabric panels with alternating fabric and sheer bands, these shades can be fully raised but when completely lowered the horizontal bands can be controlled to provide different levels of privacy.

Shade operation

- When in the open position fabric bands allow light into the room.
- Closing the bands provide privacy or reduce glare.
- Full raised shades allow for full light and view

Cassette Options

Dual shades are available in two different cassette styles and both options are included in the shade prices.

Rounded Cassette:

- Standard cassette option
- 3 1/8" Cassette
- Available in 5 colors: White, Beige, Gray, Bronze or Black
- Fabric inserted to match shade. Available in all fabrics.

Square Metal Cassette:

- Optional Cassette
- 3" Square Metal Cassette
- Available in 5 colors: White, Beige, Gray, Bronze or Black
- Cannot be fabric wrapped.

Rounded Cassette
With fabric insert

3" Square
Metal Cassette

Bottom Bar Options

- The shade bottom bar comes standard with no fabric wrapping.
- For an additional charge the bottom rail can be wrapped to match the shade fabric.
- Available in two sizes: Small and Large. Large bottom rail required on some fabrics, see fabric tables on page 52 for details.

Pattern Matching

Fabric band matching available on shades ordered in the same fabric and length only. When ordering please note the shades will be side by side.

Optional Fabric Wrapped
Bottom Rail

**Please note the Loki fabric featured is a room darkening pattern, various styles will result in different light filtering effects.*

- Bottom rail will match the shade component color
- Fabric wrapped bottom rail not available

Pricing

Cordless System \$180

Wand Control

- Wand control shades are operated by re-chargeable lithium-ion battery motor.
- Motor easily charged using charging port in the back of the wand handle.
- Available in 5 colors: white, beige, gray and black.
- Available in 4 wand lengths: 24", 36", 48" and 60".

Pricing

Wand Control Motor \$71
Wand Motor Charger \$22

Control Options – Remote Control

Remote Control

Motors

Shades batteries are recharged using a port in the motor head.

- Standard – re-chargeable lithium ion battery
- Quiet Lift – Upgraded re-chargeable lithium ion battery that features a more quiet lift.

Operation

- Remotes are available in single or 15 channel remotes and each channel can operate up to 20 shades.
- Wall switches are available in single or 15 channel switches and each channel can operate up to 20 shades.
- Pro Hub provides automated control capabilities through smart phones or other devices.

Warranty

Limited Lifetime Warranty

This product is warranted against defects in materials and workmanship, provided that:

1. The product was installed according to the product instructions.
2. Our recommendations were followed regarding limitations and specifications of the product.

CACO, Inc. reserves the right to determine if your shade warrants a repair or partial replacement of any parts. If necessary, CACO, Inc. will replace your shade with a new shade of equal or superior value. This shall be your sole remedy under this warranty.

Your shade may also show some fading and discoloration over time. This is not considered a defect for the purposes of this warranty.

This Limited Lifetime Warranty excludes all motors, controls and accessories that are warranted for only a period of five years from the date of purchase. Failure to follow the proper installation, charging and use instructions will invalidate the warranty for motors, remotes, wands and hubs.

This Limited Lifetime Warranty applies only to the original retail purchaser with proof of purchase.

This Limited Lifetime Warranty does not cover the removal or installation of original or replacement shades. This Limited Lifetime Warranty does not cover damage or defects caused by, or resulting from improper maintenance, neglect or improper use, wear and tear, abuse, neglect, accidents, alteration, commercial use, installation, removal or reinstallation or exposure to excessive moisture.

Your Rights Under State Law

These warranties give you specific legal rights. You may also have other rights which may vary from State to State. In no event shall CACO, Inc. be liable for incidental or consequential damages or for any other direct or indirect damage, loss, cost, expense or fee. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. These warranties are exclusive and in lieu of all other obligations, liabilities, disclaimers or warranties.

Sheerview Horizontal Shade Collection

Features, Benefits & Measuring Instructions

SHEER SHADE FEATURES & BENEFITS

- Horizontal fabric vanes float between two layers of soft, knitted fabric sheers, to soften your view outside fabrics.
- All Sheer fabric vane colors are featured between two layers of sheer fabric.
- Available to widths of 116" and drops to 144" to provide visual elegance to the widest of windows.
- Vanes glide from open to closed to "out of sight" with elegant hardware.
- Four distinctly different variations of vane positions are available for numerous combinations of privacy, view and light control.
- An adjustable weight system in the bottom rail for on-the-spot skew adjustment for a balance appearance in the window.
- One headrail style to maintain your sophisticated look.
- Low side light gap provides minimal light leakage on shading sides and above the headrail for increased privacy.
- Easy to install hardware and brackets allows for effortless installations and easy removal for cleaning.
- May be ultrasonically or traditionally cleaned to stay bright and beautiful.
- Lifetime Limited Warranty as a commitment to your satisfaction.
- Sheer fabrics may be processed with a topical treatment to resist flames and to adhere to strict flammability codes. For more information, contact CACO, Inc.
- Available with multiple operating systems including standard loop control, cordless and several motorization options.

Fabric Collections:

Sheer Shades are available with three different fabric vane sizes, 2", 2 ½" and 3". Light filtering fabric gently filters light while room darkening casts deep room darkening shadows. Please note that room darkening is not a blackout fabric.

Viewing Options

Sheerview Horizontal shades provide a number of varied views to the outside for controlling light and privacy. Consequently, there are variations in visibility through the shades when the vanes are tilted to their maximum open positions. The following four modes can be obtained with standard shading operation when viewing the shading at eye level.

- Closed top, open bottom - By partially lowering the shade from the fully raised position, the upper portion of your window will become semi-opaque while allowing a clear view below.
- Fully private - When lowered completely, the shade provides complete privacy and softly diffuses light.
- Partially open - Opening the shade slightly will gradually increase the level of light and allow varying levels of "view-through."
- View-through when lowered - By completely opening the vanes, the shade provides a softened, veiled view to the outside.

Measuring

Inside Mount

Measure across the width of your window opening in three different places - top, middle and bottom. Measurements should be taken within the window jamb. Provide the smallest of the three measurements to your fabricator. Be exact. Your fabricator will make the necessary deductions to fit the window opening.

Measure the height of the window opening from the underside of the soffit to the surface of the windowsill in two places - use the smallest of these two measurements.

Outside Mount

Measure the exact width and height of the area to be covered. On the width, allow at least 1 ½" of an overlap on each side. An overlap of 3" on each side is recommended.

Be sure to take into consideration any obstructions such as window trim, molding, locks and window cranks. such as window trim, molding, locks and window cranks.

Design & Operation

Shade Operation

Sheer shades feature the Continuous Cord System or the Motorized System. Both Systems provide the ability to manipulate the shade into various viewing positions. From the closed and retracted position (fabric inside the headrail), lower the fabric by pulling down on the rear of the loop cord until you reach the desired shading position or press the down arrow of the remote control. Once lowered completely to the windowsill, continuing to pull the cord in the same direction, or pressing the down arrow on the remote control, will open the horizontal fabric vanes, offering varied views to the outside. To retract the shading, simply pull down on the front of the cord, or press the up arrow of the remote control, until the shade reaches the desired viewing mode or fabric position.

Headrail Information:

The Sheerview comes with a standard headrail wrapped in a color coordinated fabric with an option of color coordinated aluminum, unless otherwise specified. Headrail measurements include end caps and will measure ordered width minus: 1/8"

Side-by-Side Alignment:

When sheer shades are installed side-by-side, vane alignment can be guaranteed within 1/4" only if:

- The shades are the same color and ordered at the same time.
- The sum total of the widths of all shades needing alignment is less than 102".
- Side-by-side lineup must be specified when the order is placed.

Vane Closure

Sheer shade fabric vanes overlap and provide privacy when closed. However, the inherent nature of the fabric will cause a slight increase in the distance from the front sheer to back sheer as you move further down the shade. These vanes do not form a perfect seal against light leakage which is most visible toward the bottom of the shade.

Vane closure is measured as the distance between the front and rear fabric sheers 6" up from the lowest point of the bottom rail, with the shade fully lowered and the vanes closed. For sheer shades, the maximum distance from the front sheer to the back sheer when closed is 7/8". On room darkening fabrics, the distance is 5/8". Vane closure on all 3" fabrics will have a distance of 1"

Finished Dimensions:

Once ordered and manufactured, the width of the fabric cannot be altered. The Manufacturer makes deductions to the width of window shadings depending on the type of mounting indicated. For all mounting types, the fabric will measure exactly the length ordered when the vanes are in the open or "view-through" position. When the vanes are rotated to the closed position, the shading will become 3/8" longer.

Height Considerations:

Your will be fabricated to the exact height ordered, when the vanes are in the closed position. When the vanes are rotated to the open position, the shade will become slightly longer.

When opened on an inside mount, the shading will be slightly longer than the ordered length. A slight puckering may occur when the vanes are in the open position. Rotating the vanes closed will cause the bottom rail to touch the windowsill before it begins to raise.

Length Considerations:

When closed on an inside mount, a slight furrow may occur on the lowermost sheer section because of contact with the sill. To compensate, slightly raise the shading until the rail begins to lift off the window sill. If preferred, the shading can be ordered 3/8" less than the measured height of the window opening. In this case, the bottom rail will be positioned 3/8" above the sill when the vanes are in the open position. Rotating the vanes closed will cause the bottom rail to touch the window sill and thus closing any unwanted space.

Fabric Considerations:

Due to variations in fabric weave and environmental conditions, the finished dimensions for both width and height may vary, plus or minus 1/8", from your order measurements. (IB) Fabric will measure ordered width minus: 15/16" (OB) Fabric will measure ordered width minus: 13/16"

Leveling Sheerview Horizontal Shades:

Sheer shades are leveled and weighted in the factory. When installed level, the fabric will not skew when raised. If the headrail is not installed level, skewing can occur that can damage the edge of the fabric. Be sure to follow the installation instructions carefully to ensure correct and balanced operation.

Note: Adjustable counter weight keeps sheer shade level.

Skew Adjusting Bottom Rail:

After installation, windows that are not square and level may cause the shadings to shift to one side as it rolls up, requiring adjustment of the bottom rail. To adjust the fabric, the weight in the bottom rail can be slid from one end to the other. If the fabric is skewing to the right, loosen the weight with a screwdriver and slide the weight to the right etc.

Motorization

Two available options: Wand Remote or Rechargeable Lithium Battery Motor

- Wand Remote including USB cable for charging \$100 Net
- Lithium Rechargeable battery motor installed \$200 Net
 - USB Charger \$20 Net
 - Single Channel Remote \$30 Net
 - 15 Channel Remote \$45 Net
 - Please Specify number of remotes, at least one remote control will be required.

Child Safety, Care and Warranty

Child Safety

Our Sheer Shadings are designed with child safety as a priority. To reduce the risk of strangulation, our fabrication methods incorporate features to comply with the current ANSI cord safety standard. Fabrication methods include cord stops, Cord-Shield cording, and tension devices.

Caring for Shades

The soft, delicate feel of the fabric belies the durability of the material. It is made from a sturdy, knitted polyester fabric which can be feather dusted or vacuumed at a low setting. Spots or stains can be lightly rubbed clean with a damp sponge and mild soap. To avoid discoloration of the material, we recommend against the use of chemical cleaners. The sheer fabric may also be ultrasonically cleaned. **Important: Do not clean the fabric using electrostatic wipes such as Swiffer® or Pledge Grab-It®.**

Policies & Warranties

Sheer Fabric

Knitted fabric may experience minor weave variations due to heat, humidity and other room conditions. These variations can result in light bowing, puckering and dimpling of the material. This is considered normal and does not constitute a failure in either workmanship or materials. The possible variations are minor and have been shown through case study, not to detract from the beauty of the product.

Limited Lifetime Warranty

The manufactured product is warranted against original defects in materials or workmanship for as long as the original purchaser owns the product provided that:

- The product was properly installed in a residential or commercial dwelling;
- The product was made or assembled exclusively from the original manufacturer's materials and components;
- The manufacturer's recommendations were followed regarding limitations and specifications.

This warranty extends only the original purchaser of the above stated products.

Obligations to the Consumer are limited to the repair or replacement of parts or products found to be defective. The manufacturer is not responsible for handling shipping charges or labor costs, for measuring and taking the product down.

If repairs are made under this warranty, the repairs will be made with like or similar parts.

Motorization Components and accessories have a five-year limited warranty. Batteries not included.

What the Warranty Does Not Cover

This warranty does not cover conditions or damages caused by abuse, accidents, alterations, misuse, or failure to follow instructions for measurement, installation, use, cleaning, or maintenance. Normal wear and tear, including but not limited to the items or occurrences below, is not covered by the warranty.

All fabrics can lose original intensity after long exposure to the sun. When left for extended periods in direct sunlight, plastics tend to yellow or crack over time. Some loss of color intensity or discoloration may occur in plastic materials or wood finishes when exposed to direct sunlight over long periods of time.

Colors may vary from lot to lot and may not exactly match samples of previous purchases.

The manufacturer considers these items or occurrences normal wear and tear, and they are not covered by this warranty.

THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WRITTEN OR ORAL WARRANTIES OR OBLIGATIONS AND LIABILITIES. No person is authorized to extend or alter this warranty. The manufacturer SHALL HAVE NO LIABILITY WHATSOEVER FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this limitation or exclusion may not apply to you. For Service Warranty claims: Please contact the original dealer for warranty assistance.

Conditions of Sale

All products are custom fabricated to your exact specifications. We cannot accept responsibility for errors in ordering or cancellations and changes after the order is in production.

Service and Repair

Service may be obtained by contacting our Customer Service Department. No products, parts, components or other materials will be authorized for return or repair without prior approval from the manufacturer. A Return Authorization (RA) may be obtained by contacting our Customer Service Department. In order to provide the quickest service possible, please have your Work Order number and original order information available when you call.
