OUR LOCATION

Since our facility is located in Johnson City, Tennessee, our centralized location in Northeast Tennessee ensures our shipments to have quick access to several interstates and allows us to provide 1 to 2 day delivery times to a large portion of the US.

ABOUT US

Founded in 1989 by Conley & Don Dockery, CACO, Inc. Window Fashions started out as a modest mini blind fabricator. Over the past 35+ years we have grown from those humble beginnings to become a manufacturer of a large variety of custom window covering products including Roller Shades, Wood and Faux Wood Blinds. We also provide a strong offering of distributed products such as Aluminum Blinds, Woven Woods, Dual Sheer, Cellular and Sheerview Shades along with our Louverstar Shutter. As we've grown it has always been our goal to provide a quality product at a fair price.

PRODUCT GUIDE

Products from our Johnson City Facility

Serenity Roller Shades

Our fastest growing product, Serenity Roller Shades is the new classic. With its range of options provides a many opportunities for new uses from residential to commercial. Our line has a variety of fabrics with screen, blackout and sheer options from Textstyles, Mermet and More. We believe in our workmanship and you can trust in our product as it always produced with Rollease™ componentry. Additional options including Automate motorization and cordless shades elevate this product to more than a simple roller shade. With the full range of options the there is no limit to the application of this product.

Our Other Product Lines

Natural Woven Woods

Designer Nartual Woven Woods give your home a unique look like no other window covering can. With a large range of options and natural woven patterns that range from traditional to modern, these natural woven blinds can add a special touch to your décor.

Dual Sheer (Zebra)

Dual Sheer Shades, also known as zebra shades, provide the versatility of fabric roller shades by allowing light and privacy control while maintaining a unique decorative appeal.

Sheerview

This unique shade combines the look of a horizontal blind with a sheer shade. And with a range of designer colors, these shades provide a softer look with horizontal fabric vanes floating between two layers of soft, knitted fabric sheers.

Avalon Faux Wood

Want the rich look of wood blinds without compromising value? With the added benefit of high durability, moisture resistance, a variety of colors and along motorization options, Avalon Faux Woods Blinds are a great alternative to wood blinds.

Cordless Fast Faux

Want the look of our Avalon blind but need it quicker? Our Fast Faux program allows us to adjust pre-made blinds to provide the look of our custom faux wood blind with a shorter delivery time.

Delta Woods

Make a classic fashion statement with the natural elegance and warmth of wood blinds. These hardwood blinds, with great color choices, have many options including cordless and motorization to suit your décor.

Boone Collection Cellular

Available in a rainbow of fashion colors from soft neutrals to rich jewel tones, cellular shades, also known as honeycomb shades, not only provide privacy but energy efficiency as well.

Aluminum Mini Blinds

On old standard, these blinds provide the nostalgic look of 1" aluminum metal blinds. With a multitude of colors available in two headrail sizes, these blinds are suitable for both contract and retail applications. 2" & 1/2" are also available in limited colors.

Louverstar Shutters

Want the look of a wood shutter but require moisture resistance and greater durability? This shutter which is constructed with solid PVC extrusions is a great alternative for wood shutters in your home.
