How to place an order

For your convenience, CACO provides you with the option of placing orders by either telephone, email, online or fax (if placed by fax, CACO will provide order forms at no additional cost; customers must request forms). Orders placed after 3:00 pm EST will be forwarded to the next business day.

Telephone orders

CACO Customer Service Representatives are available between the hours of 8:30 am and 5:00 pm Eastern Standard time at **1-800-552-5278**. Any order placed by phone requires a signed order confirmation returned to customer service by fax or email before proceeding with order. Keep in mind, when phoning in your order, it is important to have the following information available:

- Account number (if known)
- Individuals name that is calling
- P.O. number and/or side mark
- Color or colors
- Type of product ordered
- Measurements (width-first, length-second)
- Inside or outside mount (i.m./i.b or o.m./o.b)
- Control instructions
- Ship to address if different than sold-to
- Special instructions for shipping
- Valance instructions
- Any other special instructions
- Quote number, if order is placed from a previous quote

Fax and Email Orders

Fax orders can be placed any time of day or night including holidays at **1-866-926-5836** or email to **customerservice@cacoinc.com**. To ensure order accuracy for faxed orders, it is advisable to use the order forms CACO supplies or a comparable form. It is important to note the number of pages of your order, including the cover sheet to ensure that no pages will be missing. For fax or email orders please include all of the same information required for telephone orders. Any omission of pertinent information will only delay your orders manufacturing time.

Online Orders

Orders can be placed online at <https://88043.picbusiness.com/>. If you your account has not been set up to access our online portal, please contact support@cacoinc.com to sign up. This access allows you to quote, order as well as make payments online. Please note shutters are not available online to quote or place as orders, you will need to contact customer service for information about these products. Additionally, orders are released from internet hold and reviewed for credit at the daily 2:30 PM EST cutoff. Any orders submitted online after this time will be reviewed the following business day.

How to expedite an order

In some occasions we may be able to provide a faster ship date for emergency situations, however customer service must be contacted when placing this type of order to verify. Additionally, if next day and second day shipping are required the customer will incur any additional shipping cost for expedited shipping.

How to add on or make changes to an order

In the event that you wish to add to your original order, it is possible, if the order has not moved into fabrication. You will be required to submit changes in writing and must be signed by a person of authority indicating the items you wish to add or change. No verbal requests can be made. You will need to refer to the original P.O. number and indicate clearly the additions or changes you're requesting. Note: because add-ons may affect production time, check with customer service for any possible delays.

How to cancel an order

Cancellations or changes require an immediate response and can only take place up until the start of fabrication. You must first identify your P.O. number or side mark and then state the cancellation or change. Cancellations must be faxed or emailed in writing only, phone calls are not permitted. If an order has already been cut, a minimum charge of 50% will apply.

Should you order for the same room at different times?

This is a frequently asked question and should be addressed and explained at the point of sale. Under normal circumstances blinds, shades and verticals should be ordered for the same room at one time to prevent color deviations, as a result of dye and paint color variations from original lot to the other. If additional blinds, shades or verticals are ordered at a later time for the same room there can be a distinct color difference from the existing product to the new product. Also, window coverings that have been previously installed can have shade differentiations from newer products due to the progress of aging.

Questions concerning an order

Once you contact customer service you must have your P.O. number and/or side mark available.

Shipping and Handling Charges

- **Minimum order Fee:** \$25 shipping and handling fee will be added to any order with 2 units or less.
- **Per Unit Fee:** \$10 per unit shipping and handling fee will be added for all delivery orders with more than 2 units in lieu of the minimum order charge.
- **>90" Oversized Fee:** Any order with a product over 90" width (including oversized items such as valances that are not ordered spliced) will have an oversized fee of \$90 per unit up to \$180 maximum fee in addition to any minimum or per unit shipping and handling fees.
- **>104" Extended Oversized Fee:** Any order with a product over 104" (including oversized items such as valances that are not ordered spliced) will ship by LTL carrier and will incur an additional \$120 extended oversized fee per order in addition to any applicable minimum order, per unit and oversized handling fees.
- Accessorial LTL Truck delivery charges such as liftgate, inside delivery, re-consignment, re-delivery, etc. will be the responsibility of the receiving party.

Credit and additional charges

Open accounts are established by submitting a CACO credit application. You will be required to list trade and bank references as well as a current sales tax id number. C.O.D. accounts are also obligated to submit a credit application. Invoices are due within 30 days of the date posted. After 30 days accounts will be charged 1.5% interest per month. CACO reserves the right not to ship to accounts with past due balances.

Payment Policy

Current payment methods accepted are check, emailed or faxed checks for ACH processing, credit cards (Mastercard, Visa, Discover) and online payments by credit card or bank draft. Due to additional credit card fees, effective March 8th, a 2% processing fee will be added to all credit card payments. This fee can be avoided by either mailing checks to our PO Box or to expedite payments send a copy of your check along with our Check by Fax form by email to customerservice@cacoinc.com or fax to (866) 552-5278. Please note CACO will not automatically charge any credit card or process ACH transaction without a current, on file preauthorization forms, otherwise approval will be required at the time of each transaction.

If you receive product that has been visibly damaged while in transit

Before accepting any shipments, please examine each carton carefully. If shipment shows any signs of mistreatment or damage, i.e., wheel marks, crushed or bent cartons note this on the bill of lading and have the driver sign it and note damage. Should a replacement be necessary, CACO will bill you. Your replacement invoice will enable you to file a claim with the responsible carrier. It is imperative that you count all cartons prior to signing the bill of lading; any shortages must be noted on the bill of lading with the driver's signature.

Shipping discrepancies

If the product received does not agree with your packing slip, contact a CACO customer service representative within 24 hours. Your representative will verify any action needed for a resolution and expedite any necessary replacements.

If you should receive a defective product

Your warranty protects you against defective products (please read your warranty for all information, disclaimers and liabilities). Should you receive a defective product, contact CACO customer service and provide detailed information including your P.O. number. If the product is not sent back for repair, you will be invoiced for a replacement and required to return back the original product to CACO for inspection. Any issue arising past 30 days from receipt of original order will be required to return product for repair.

How to Measure

Inside mount

A. Measure the window opening at three different places and use the narrowest dimension when ordering. Be exact! The factory will make the blind slightly narrower, so it won't rub against the window casing. (See A inside mount).

B. Measure the height of the window from the top (soffit) down to the sill. NOTE: The finished blind length may have a tolerance of based on product.

Based on product, CACO will automatically make a deduction on width for measurements submitted as inside mount.

Outside mount

Measure exact width and height of the area to be covered. It is recommended that blinds overlap the window opening by at least 1 1/2" on each side to insure privacy and control sunlight. (See A outside mount). When installation is designed for "no sill," allow the blind to overlap the bottom of the window casing by at least 1 1/2". Blinds will be made to exact measurements given. NOTE: The finished blind length may have a tolerance of based on product.

CACO will not make any deductions for measurements submitted as outside mount.

Features & Benefits

FEATURES & BENEFITS

- Honeycomb construction provides superior insulation and energy efficiency.
- No visible cords or cord holes reduces light leaks and adds to the fashionable appeal.
- Fabric available in wide widths to cover large expansive windows with no seams or overlap.
- 100% crisp polyester fabric repels dust and dirt and is easy to clean and maintain.
- Multiple design options and operating systems available to provide the perfect solution for the single homeowner to the busiest family.

FABRICS

Cellular Shades are built with beauty and your comfort in mind, featuring durable, low-maintenance fabrics and a broad spectrum of designer colors, neutrals, and bold hues including specialty fabrics like lux, slubs, crush and printed designs. Cellular Shades are among the most energy-efficient window coverings available. The insular property of cellular fabrics is attributed to its unique construction. The signature candlelight glow and handcrafted feel of the cellular fabric brings world-class elegance to your home, office or retail environment.

VERSATILITY

- Create unlimited custom lighting solutions with a full range of opacities
- Light Filtering fabrics feature rich, vibrant color
- Blackout fabrics offer extended light control and privacy

LIGHT FILTERING FABRICS

- Transmit filtered light with no view through the shade
- Provide moderate privacy
- Available in 3/4", 9/16" and 1 1/4" Single Cell, 7/16" Double Cell and 3/4" Cell-in-a-Cell Fabrics

BLACKOUT FABRICS

- Blocks 99% of outside light
- Provides complete privacy and light control
- Available in 3/4", 9/16" and 1 1/4" Single Cell

ENERGY EFFICIENCY

Cellular shades are among the most energy-efficient window coverings available. The insular property of cellular fabric is attributed to its unique cellular construction creating a barrier of chambers designed to reduce heat and the damaging effects of UV light. Our premium cellular fabrics are categorized into three simple levels of energy efficiency to help you maximize your budget and the comfort in your home.

12.6" W x 2.7" H

Sliders and Specialty Shapes

Slider Cellular Shade

Features:

- Available only in 9/16" & 3/4" light filtering and blackout cellular fabrics.
- Not available in 7/16", 3/4" Cell-in-a-Cell fabrics, Linen Prints or Sheer fabrics
- Aluminum headrail and side rails available in Vanilla 002 (off-white)
- Integrated headrail requires no valance
- Cordless design
- Finished shades available in Left Stack, Center Stack or Right Stack
- Ideal for patio doors, wide windows or room dividers
- Stationary rail bottom bracket can be mounted to the floor or side walls, extension brackets available upon request. To mount the stationary bottom rail bracket to the floor, the distance between the floor and the bottom of the shade cannot be larger than 1 1/2"

Deductions			Size Limitations		Stack Width			
	Width	Height	Minimum Width	24"		Left Stack	Right Stack	Center Stack
Inside Mount	1/4"	1/2"	Minimum Height	24"				
Outside Mount	None	None	Maximum Width	120"	Minimum Width	6"	6"	6" per side
			Maximum Height	118"				

Handle Position

Height ≤ 72"	At the center of the moving rail
Height 72 1/8" – 96"	38" from the bottom of the moving rail
Height 96 1/8" – 132"	48" from the bottom of the moving rail

Minimum Mounting Space

	Minimum Mounting Depth	Minimum Flush Mount Depth
Inside Mount	2 3/4"	4"
Outside Mount	2 1/4" (Minimum Flat Vertical Surface)	

Specialty Shades & Arches

- Specialty Shades and Arches are not available for skylights
- Finished size must be provided, manufacturer will not make any deductions
- Perfect versus Non-perfect arches or circles: Perfect arches are those where the radius of the circle are consistent on all points. Non-perfect arches are not consistent at all points. Deviation of 1/16" makes it imperfect. Templates will be required on all non-perfect arches or circles.

	Shape	Operational	Template	Width Minimum	Width Maximum	Length Minimum	Length Maximum
	Arch	Non-movable	Perfect – No Non-perfect – Yes	18"	84"	9"	48"
	Quarter Arch	Non-movable	Perfect – No Non-perfect – Yes	9"	50"		
	Circle	Non-movable	Perfect – No Non-perfect – Yes	9/16" – 9" 7/16" – 12"	9/16" – 42" 7/16" – 42"		
	Hexagon	Yes	Yes	12"	48"	12"	48"
	Octagon	Yes	Yes	12"	48"	12"	48"

Warranty

CACO, Inc. will extend a limited lifetime warranty on Cellular Shade Collection shades and a limited 5 year warranty on battery motors and wands. Each shade is warranted to be free from defects in materials and workmanship to the original owner, provided that the shades were properly installed in a window, door or other interior area for which they intended, maintained and cleaned with the manufacturer recommendations.

Damage resulting from misuse, abuse, exposure to the elements, including but not limited to exposure to salty air, discoloration due to sunlight or passage of time, exposure to humidity, accidents, improper installation, alterations or normal wear and tear upon the shades are not covered by this warranty. Some fading or reduction in color intensity may occur and should not be deemed defective. Returns for the above-mentioned reasons are not warranted.

The obligation of CACO's manufactured products and its distributors is limited to repair or replacement of the blinds or components found to be defective, at our option, provided the blinds are returned to an authorized CACO dealer or distributor and accompanied by "proof of purchase". CACO is not responsible for any labor costs associated with fabricating alterations, measuring, or installation and to include shipping charges.

This warranty is exclusive and in lieu of all other obligations, liabilities, or warranties. In no event shall CACO be liable or responsible for incidental or consequential damages, or for any other direct or indirect damage, loss, cost, expense, or fee. Some states do not allow the exclusion or limitations of incidental or consequential damages, so this limitation may not apply to you. This warranty gives you specific rights, and you may also have other rights, which vary from state to state.
