How to place an order

For your convenience, CACO provides you with the option of placing orders by either telephone, email, online or fax (if placed by fax, CACO will provide order forms at no additional cost; customers must request forms). Orders placed after 3:00 pm EST will be forwarded to the next business day.

Telephone orders

CACO Customer Service Representatives are available between the hours of 8:30 am and 5:00 pm Eastern Standard time at **1-800-552-5278**. Any order placed by phone requires a signed order confirmation returned to customer service by fax or email before proceeding with order. Keep in mind, when phoning in your order, it is important to have the following information available:

- Account number (if known)
- Individuals name that is calling
- P.O. number and/or side mark
- Color or colors
- Type of product ordered
- Measurements (width-first, length-second)
- Inside or outside mount (i.m./i.b or o.m./o.b)
- Control instructions
- Ship to address if different than sold-to
- Special instructions for shipping
- Valance instructions
- Any other special instructions
- Quote number, if order is placed from a previous quote

Fax and Email Orders

Fax orders can be placed any time of day or night including holidays at **1-866-926-5836** or email to **customerservice@cacoinc.com**. To ensure order accuracy for faxed orders, it is advisable to use the order forms CACO supplies or a comparable form. It is important to note the number of pages of your order, including the cover sheet to ensure that no pages will be missing. For fax or email orders please include all of the same information required for telephone orders. Any omission of pertinent information will only delay your orders manufacturing time.

Online Orders

Orders can be placed online at <https://88043.picbusiness.com/>. If you your account has not been set up to access our online portal, please contact support@cacoinc.com to sign up. This access allows you to quote, order as well as make payments online. Please note shutters are not available online to quote or place as orders, you will need to contact customer service for information about these products. Additionally, orders are released from internet hold and reviewed for credit at the daily 2:30 PM EST cutoff. Any orders submitted online after this time will be reviewed the following business day.

How to expedite an order

In some occasions we may be able to provide a faster ship date for emergency situations, however customer service must be contacted when placing this type of order to verify. Additionally, if next day and second day shipping are required the customer will incur any additional shipping cost for expedited shipping.

How to add on or make changes to an order

In the event that you wish to add to your original order, it is possible, if the order has not moved into fabrication. You will be required to submit changes in writing and must be signed by a person of authority indicating the items you wish to add or change. No verbal requests can be made. You will need to refer to the original P.O. number and indicate clearly the additions or changes you're requesting. Note: because add-ons may affect production time, check with customer service for any possible delays.

How to cancel an order

Cancellations or changes require an immediate response and can only take place up until the start of fabrication. You must first identify your P.O. number or side mark and then state the cancellation or change. Cancellations must be faxed or emailed in writing only, phone calls are not permitted. If an order has already been cut, a minimum charge of 50% will apply.

Should you order for the same room at different times?

This is a frequently asked question and should be addressed and explained at the point of sale. Under normal circumstances blinds, shades and verticals should be ordered for the same room at one time to prevent color deviations, as a result of dye and paint color variations from original lot to the other. If additional blinds, shades or verticals are ordered at a later time for the same room there can be a distinct color difference from the existing product to the new product. Also, window coverings that have been previously installed can have shade differentiations from newer products due to the progress of aging.

Questions concerning an order

Once you contact customer service you must have your P.O. number and/or side mark available.

Shipping and Handling Charges

- **Minimum order Fee:** \$25 shipping and handling fee will be added to any order with 2 units or less.
- **Per Unit Fee:** \$10 per unit shipping and handling fee will be added for all delivery orders with more than 2 units in lieu of the minimum order charge.
- **>90" Oversized Fee:** Any order with a product over 90" width (including oversized items such as valances that are not ordered spliced) will have an oversized fee of \$90 per unit up to \$180 maximum fee in addition to any minimum or per unit shipping and handling fees.
- **>104" Extended Oversized Fee:** Any order with a product over 104" (including oversized items such as valances that are not ordered spliced) will ship by LTL carrier and will incur an additional \$120 extended oversized fee per order in addition to any applicable minimum order, per unit and oversized handling fees.
- Accessorial LTL Truck delivery charges such as liftgate, inside delivery, re-consignment, re-delivery, etc. will be the responsibility of the receiving party.

Credit and additional charges

Open accounts are established by submitting a CACO credit application. You will be required to list trade and bank references as well as a current sales tax id number. C.O.D. accounts are also obligated to submit a credit application. Invoices are due within 30 days of the date posted. After 30 days accounts will be charged 1.5% interest per month. CACO reserves the right not to ship to accounts with past due balances.

Payment Policy

Current payment methods accepted are check, emailed or faxed checks for ACH processing, credit cards (Mastercard, Visa, Discover) and online payments by credit card or bank draft. Due to additional credit card fees, effective March 8th, a 2% processing fee will be added to all credit card payments. This fee can be avoided by either mailing checks to our PO Box or to expedite payments send a copy of your check along with our Check by Fax form by email to customerservice@cacoinc.com or fax to (866) 552-5278. Please note CACO will not automatically charge any credit card or process ACH transaction without a current, on file preauthorization forms, otherwise approval will be required at the time of each transaction.

If you receive product that has been visibly damaged while in transit

Before accepting any shipments, please examine each carton carefully. If shipment shows any signs of mistreatment or damage, i.e., wheel marks, crushed or bent cartons note this on the bill of lading and have the driver sign it and note damage. Should a replacement be necessary, CACO will bill you. Your replacement invoice will enable you to file a claim with the responsible carrier. It is imperative that you count all cartons prior to signing the bill of lading; any shortages must be noted on the bill of lading with the driver's signature.

Shipping discrepancies

If the product received does not agree with your packing slip, contact a CACO customer service representative within 24 hours. Your representative will verify any action needed for a resolution and expedite any necessary replacements.

If you should receive a defective product

Your warranty protects you against defective products (please read your warranty for all information, disclaimers and liabilities). Should you receive a defective product, contact CACO customer service and provide detailed information including your P.O. number. If the product is not sent back for repair, you will be invoiced for a replacement and required to return back the original product to CACO for inspection. Any issue arising past 30 days from receipt of original order will be required to return product for repair.

How to Measure

Inside mount

A. Measure the window opening at three different places and use the narrowest dimension when ordering. Be exact! The factory will make the blind slightly narrower, so it won't rub against the window casing. (See A inside mount).

B. Measure the height of the window from the top (soffit) down to the sill. NOTE: The finished blind length may have a tolerance of based on product.

Based on product, CACO will automatically make a deduction on width for measurements submitted as inside mount.

Outside mount

Measure exact width and height of the area to be covered. It is recommended that blinds overlap the window opening by at least 1 1/2" on each side to insure privacy and control sunlight. (See A outside mount). When installation is designed for "no sill," allow the blind to overlap the bottom of the window casing by at least 1 1/2". Blinds will be made to exact measurements given. NOTE: The finished blind length may have a tolerance of based on product.

CACO will not make any deductions for measurements submitted as outside mount.

Any product to the right or below dark line are manufactured with heavy duty clutch and tube. Any product in gray shaded area will require seam (not all fabrics can be seamed, check with customer service). Any orders with a product over 90" width will have an additional oversized fee. See full shipping policy for details.

Automate Motorization

AUTOMATE | ARCTM (Automate Radio Communication) motors offer a wire free or wired motorization option that is an easy to use and program solution to suit a large range of applications, with varying torques and speed levels. Features include:

- Automate motorization available in rechargeable Li-ion battery, DC wired and AC wired options
- Simple limit setting and adjustment
- 3 operational speed settings available
- Favorite position
- 2-way RF communication
- 5-year motor warranty

Lithium-Ion Battery Motorization

AUTOMATE | Li-ion ARC motors offer a wire free, rechargeable, easy to use and program solution. Automate motors feature a charge-management circuit that adjusts the amount of electrical current feeding the battery. As a battery reaches its maximum charge, the circuit will limit the current eventually shutting off power once the battery is fully charged.

- Rechargeable built-in Li-ion battery with up to 500 up and down cycles per charge. These numbers are impacted by shade size and fabric, but on average size shades are able to last about a year and half under normal operation (one cycle per day).
- Minimum Widths:

LI-ION 1.1nm	21.5"	Maximum sizes. Please note sizes listed are based on average and can vary based on fabric:	
LI-ION 2.0nm	30"	LI-ION 1.1nm	84" x 84"
LI-ION 3.0nm	34"	LI-ION 2.0nm	108" x 120"
		LI-ION 3.0nm	118" x 144"

DC Low Voltage Motorization

Automate DC motors offer a wired option power option for both residential and light commercial projects. Connected using low voltage cables this motor also allows a lower installation cost since a certified electrician is not required for set-up.

- Minimum Widths:

1.1nm	17"	Maximum sizes. Please note sizes listed are based on average and can vary based on fabric:	
2.0nm	22"	1.1nm	84" x 84"
